### **DAY FOR LIFE** –

On this year's Day for Life, Sunday 21<sup>st</sup> June, we reflect on the wonder of human life from the moment of conception. We remember how the LORD Jesus Christ Himself sanctified and experienced the beginning of life in the world as an unborn child, hidden in the womb of Mary. Mary knew that she was carrying the Son of God – God and man – as soon as He was conceived. John the Baptist leapt in his mother Elizabeth's womb when Mary greeted her. Our Lady treasured Our Lord in her heart and womb until His birth. To read the full bishops' message visit [www.councilforlife.ie](http://www.councilforlife.ie)

**“For AI to respect human dignity and truly serve the common good, responsibility must be clearly defined at every stage: from those who design and develop these systems to those who use them and rely on them for concrete decisions. In many cases, however, the internal processes leading to a result remain opaque, making it harder to assign responsibility and correct errors. This is where accountability becomes crucial: the possibility of identifying who must “account” for decisions, justify them, monitor them, and , when necessary, challenge them and remedy any harm caused.”**

**– Pope Leo XIV**
